

Access to Information on the Environment (AIE)

European Communities (Access to Information on the Environment) Regulations 2007 to 2011 give legal rights to those seeking to access information on the environment from public authorities.

- Under these regulations, information relating to the environment held by, or for, a public authority must be made available on request, subject to certain exceptions.
- The AIE regulations also oblige public authorities to be proactive in disseminating environmental information to the public.

Oberstown received 0 (zero) AIE requests in 2024 and 2025.
