

Oberstown Children Detention Campus

Victim Liaison Service

Keeping Victims Informed

Introduction

The Criminal Justice (Victims of Crime) Act 2017, commenced in November 2017. Oberstown Children Detention Campus is committed to fulfilling its responsibilities as outlined under Part 2 of the Act. Victims of crime can voluntarily register with Oberstown.

The Role of the Victim Liaison Service

The Children Act, 2001 as amended (the Act), supports the reintegration of young people in detention into their communities/society. Where victims of crime so request, Oberstown Victim Liaison Service will enter into direct contact with them on an ongoing basis to inform them of significant developments in the management of a young person's sentence. A victim may nominate a representative that will be notified on their behalf, should they so wish.

**Oberstown Children Detention Campus's Victim
Liaison Service is strictly confidential.**

The following provisions of the Act permit young people to have planned absences from the campus in order to support their reintegration and to meet specific needs of young people:

Significant developments may include the following:

- Discharge from Oberstown
- Permitted Absence (either supervised or not supervised directly by Oberstown staff).
- Temporary Leave (including semi and unsupervised home leave)
- Supervision in the Community
- Unconditionally Released (compassionate grounds)
- Early Discharge
- Bail
- Transfer to the Irish Prison Service
- Court appearance under garda escort
- Order for the production of a young person
- Absconson/ Non Return / Absent Without Leave
- Death of a Young Person

Normally, information on a young person's temporary/permanent release from Oberstown is provided to victims/designate in advance. If an exception applies, every effort will be made by the Victim Liaison Service to inform the victim within the shortest practicable timeframe.

Who is Eligible to Receive Information?

A victim may be eligible to receive information, if he or she is the victim of an offence for which the offender was committed on remand or detention.

He or she is not the victim but is the next of kin, is an immediate family member or has a close relationship with someone who has died or was injured as a result of the crime. It is important to note that this is voluntary service. It is for the victim or their families to choose if they wish to receive

information about a young person. Victims can change their mind and opt out of the service at any time.
